

Portwell Product Change Notification (PCN)

Notification #: 04122006

Product Name: PEB-1431/2431/5431/7431 series

Date: November 03,2006

Type of Notification: EOL (end of life)

Level: Major

Description:

Portwell is announcing today the product phase out of the PEB-1431/2431/5431/7431 series due to no RoHS version supply of major component – STPC Atlas chip and market low demand.

Customer Impact of Change:

- : Critical, meeting should be hold for decision of alternatives
- : Major, it needs all your attention
- : Middle,
- : Minor, it wouldn't affect the normal marketing activities
- : None, it has no impact to general customers

Recommended Action:

- 1. Change to Intel Celeron-M based ECX, 5.25", PCI half-sized card**
- 2. Change to VIA C7 based MiniITX board (PEB-4730) available in June 2006**
